DALET TO EXHIBIT AT FM RADIO EXPO IN MUMBAI

*Dalet Digital Media Systems to equip booming Indian FM radio market
with their world-class radio solutions*

Paris France– May 23, 2006 – Dalet Digital Media Systems, a leading provider of media management tools for broadcasters, will be exhibiting at the FM Radio Expo to be held in Mumbai, India from May 25 - 27 (<http://www.palmshowindia.com>). Dalet will be exhibiting jointly with HCL Infosystems, a division of HCL, one of the largest Technology and IT groups in India.

"With 338 new FM licenses, the Indian market is the radio market of the century!" comments Mr. David Lasry, President and CEO of Dalet. *"Dalet is committed to servicing this new FM market. Dalet systems are used by both public and private broadcasters world-wide: our digital radio production and play-out tools are already used by All India Radio, the national public broadcaster; we look forward to private broadcasters taking advantage of our unique product range."*

"Private FM broadcasters in India are going to be faced with a double challenge in the coming months" explains Mr. Nicolas Hans, Product Strategy Director of Dalet. "The FM landscape is going to change drastically with a large number of new players entering the market – competition for advertising money is going to be fierce. Optimizing advertising revenue is going to be essential to ensure a prompt return on investment for all these new actors – using the proper tools for traffic management and broadcast will be instrumental for survival."

At FM Radio Expo in India, Dalet will showcase its end-to-end production and play-out platform as well as its patent pending traffic management system. Considered a standard among radio broadcasters throughout the world, Dalet products and solutions are used by both public and private broadcasters on all continents including: ABC ePrep.com, Canadian Broadcasting Corporation, Emmis Broadcasting, National Public Radio, Voice of America, Televisa, or XM Satellite Radio in the Americas; All India Radio, ARN, Broadcasting Corporation of China, Emirates Broadcasting Corporation, MediaCorp of Singapore, Radio Television Malaysia, South African Broadcasting Corporation, Satellite Music Australia, WorldSpace, in Africa and Asia/Pacific; Cadena SER, Catalunya Radio, Danmarks Radio, Deutsche Welle, EMAP, NRJ, Radio Netherlands or Radio Suisse Romande in Europe.
